## Sponsors

IAMC thanks its sponsors, Meguiar's, Inc., MINI-USA and SEMA; and its supporters, Advanstar MVG, AZTEX Corp., and zMAX, for helping make this program possible.

## Overview of IAMC Rules

The International Automotive Media Competition (IAMC), a function of the International Society for Vehicle Preservation, is an awards program. The purpose of this program is to recognize and encourage excellence in all forms of automotive media.

Judging is by peers, to a standard; entries may earn up to 100 points. The International Automotive Media Awards (IAMAs), Bronze (85-91), Silver (92-96) and Gold (97-100) medallions, are presented for those works so qualified.

From among the highest-point (98-100) Gold awards are chosen the Best of Divisions, with Best of 2008 being chosen from the Best of Division awardees.

Thus, the IAMA Medallions are a competition against a standard, whereas the Best of Divisions and Best of the Year IAMAs are a competition against other award-winning works.

## Judging

Judging of entries is by peers. Entries must meet a minimum standard to qualify for awards. If no entry in a category meets the minimum standards no award will be made in that category. Entries will be judged by Category within their Division.

## **About the International Automotive Media Competition**

The International Automotive Media Competition (IAMC), is a program to recognize and encourage excellence in all forms of automotive media.

The IAMC™ is administered, produced by and is a property of The International Society for VEHICLE Preservation, ©2001 all rights reserved. ISVP™ is a non-profit 501 (c) (3) educational organization.

IAMC and the International Automotive Media Awards (IAMA) are the property of ISVP™.

All awards are final.

All entries are made at the discretion of the entrant. Entering does not mean that you will be presented with an award or receive recognition for entering. The use of an award for commercial purposes is permissible; write for details as to how to present it.

## **IAMA Recognition of Lifetime Achievement**

This award is given to an individual who has, in the eyes of his or her peers, made a substantial contribution to the craft for a period of twenty-five or more years.

This award is determined by thirty members of the automotive media from a variety of disciplines voting for persons whose names are submitted by five nominators.

Nominators and voters change each year. The continual varying of selectors and voters ensures a broad cross-section of input in determining each year's recipient.
