Overview of IAMA Rules

The International Automotive Media Awards (IAMA), a function of the International Society for Vehicle Preservation, is an awards program. The purpose of this program is to recognize and encourage excellence in all forms of automotive media. Judging is by peers, to a standard; entries may earn up to 100 points. The Foundation IAMAs, Bronze (85-91), Silver (92-96) and Gold (97-100) medallions, are presented for those works so qualified; from among the highest-point (98-100) Gold awards are chosen the Best of Divisions, with Best of 2005 being chosen from the Best of Division awardees.

Judging

Judging of entries is by peers. Entries must meet a minimum standard to qualify for awards. If no entry in a category meets the minimum standards no award will be made in that category. Entries will be judged by Category within their Division.
